

„I’m writing to let you know that we will end our investment in Unity8, the phone And convergence shell. We will shift our default Ubuntu desktop back to GNOME for Ubuntu 18.04 LTS.“

Mark Shuttleworth
Founder of Ubuntu and Canonical
5. April 2017

ubuntu touch is not dead

it's more alive than ever

!

touch

meet the UBports Foundation

!

touch

UBports Foundation

we are the community

!

touch

UBports Foundation

keeping it alive

!

touch

UBports Foundation

where do we want to go?

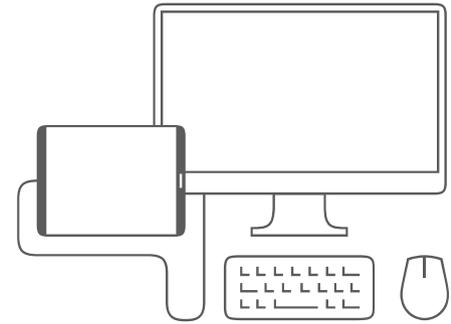

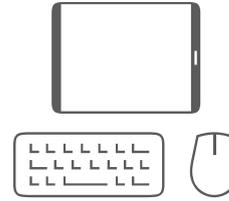

!

touch

UBports Foundation

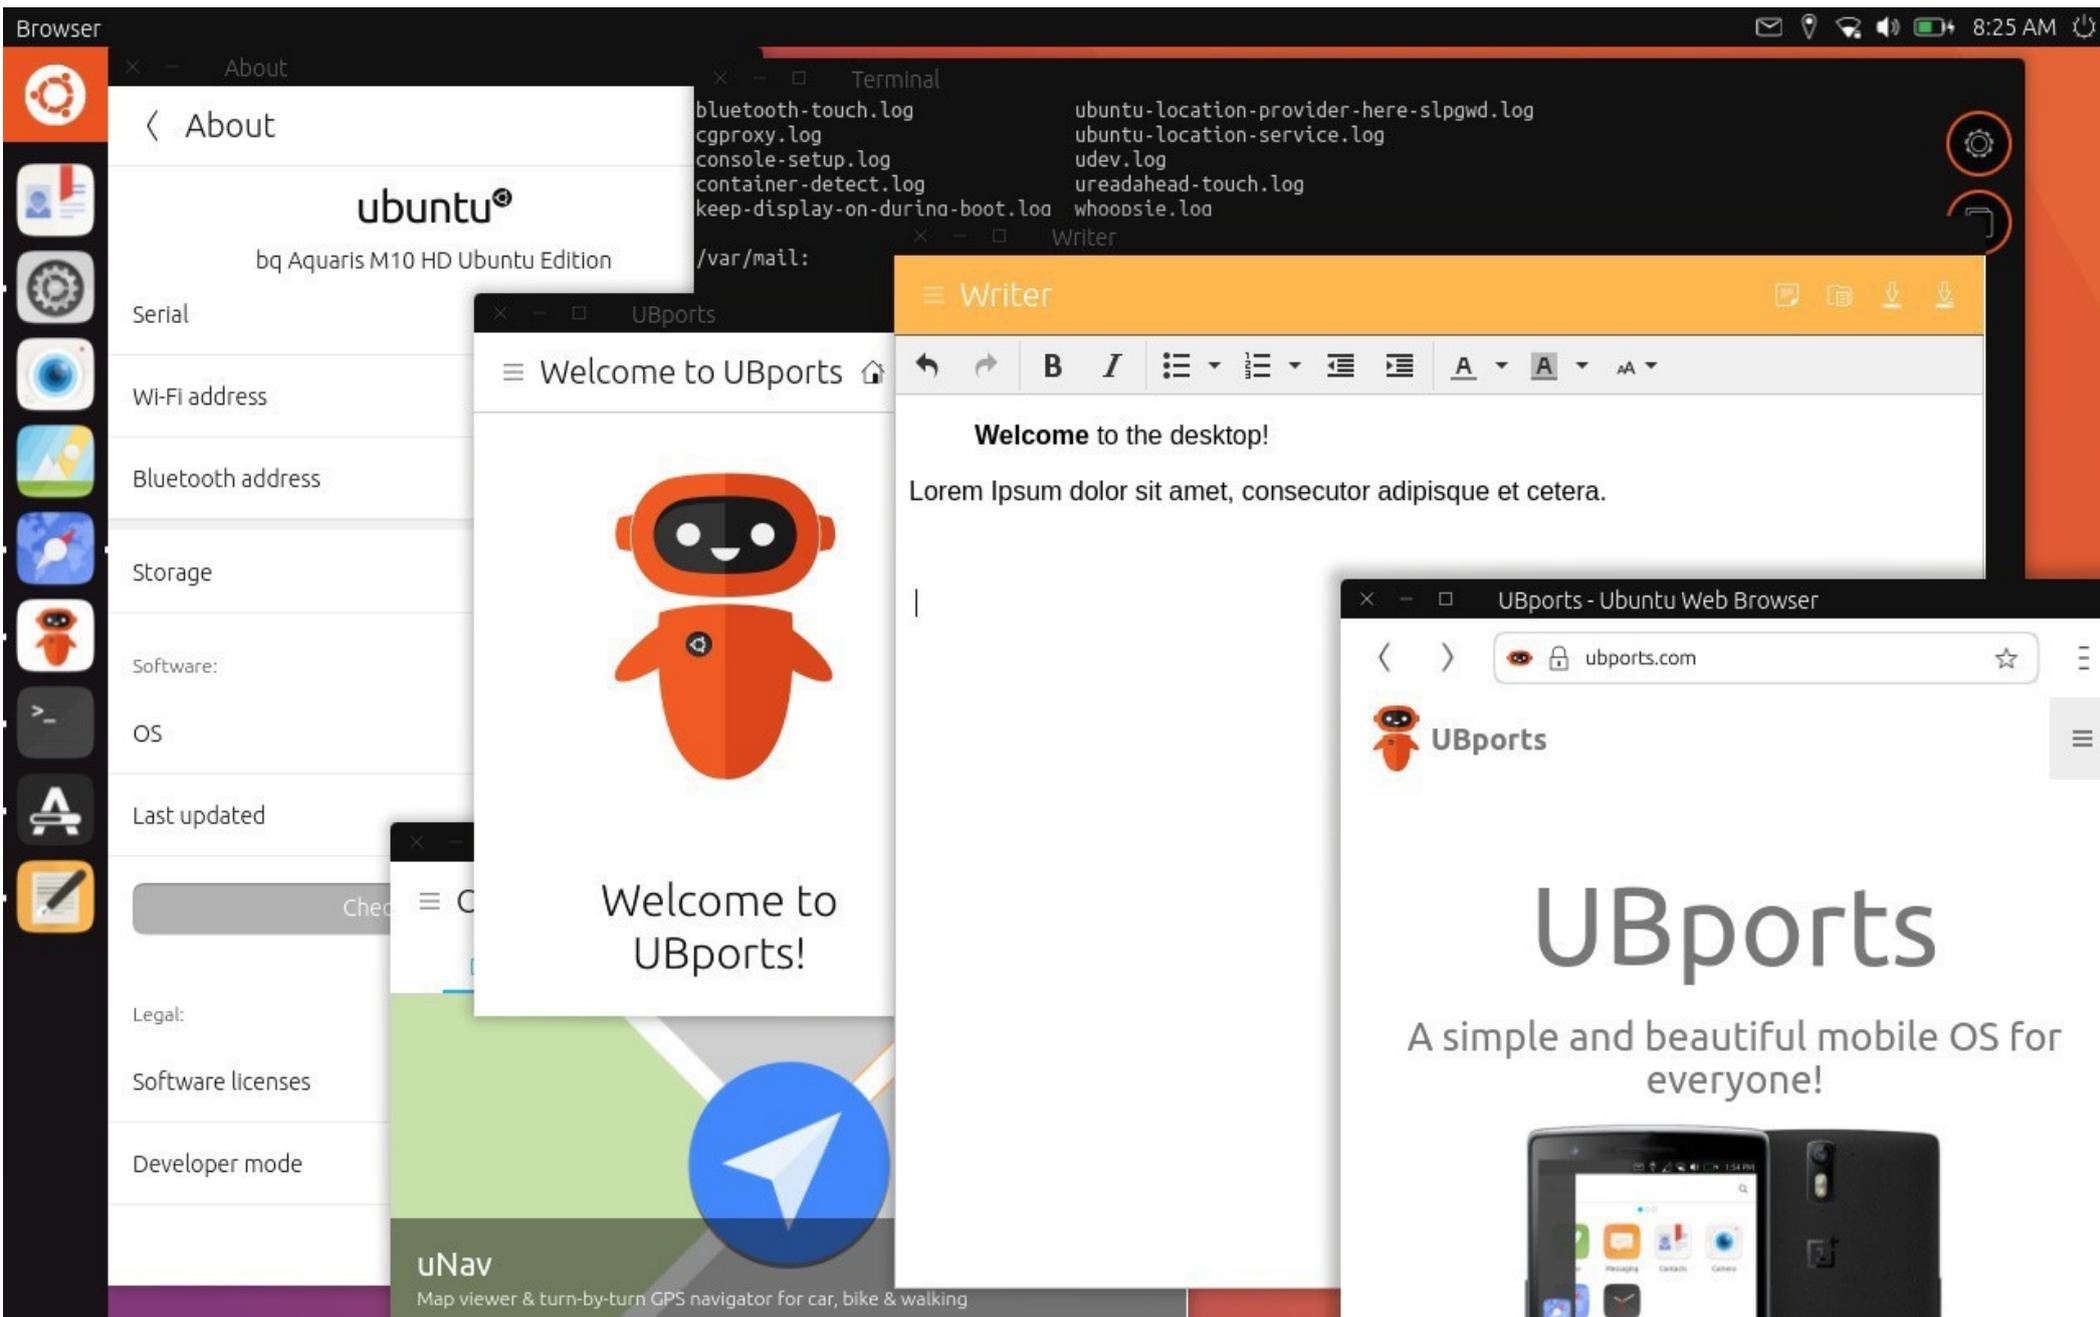

#ConvergeMePlease

!

touch

UBports Foundation

!

touch

UBports Foundation

how do we want to get there?

!

touch

UBports Foundation

what's the status

!

touch

UBports Foundation

what we're working on right now

!

touch

UBports Foundation

own a supported device* running Android?
(Non-Android phones rising)

* visit devices.ubuntu-touch.io to find out

!

touch

UBports Foundation

!

touch

UBports Foundation

switch to ubuntu touch by ubports today

rocking an iPhone?

!

touch

UBports Foundation

well...

!

touch

UBports Foundation

questions?

!

touch

UBports Foundation

we really need devs, btw.
