

FREEDOM THRU CONNECTIVITY

A large flock of birds, likely terns, is captured in flight against a dramatic sky at sunset or sunrise. The birds are silhouetted against the warm, orange and yellow light of the low sun, which is partially obscured by soft, white clouds. The birds are arranged in a loose V-formation, with some leading and others following, creating a sense of movement and direction. The overall mood is one of freedom and connectivity, which directly relates to the text of the poster.
